

Resellers and Vendors System Guide

Overview

1stRep operates a dual B2B partner system: Resellers and Vendors. Both partners sell 1stRep products and earn commission, but vendors have additional capabilities to add their own products and purchase physical wholesale stock.

Quick Comparison

	RESELLER	VENDOR
Sell 1stRep Products	Yes	Yes
Earn Commission on 1stRep Sales	Yes	Yes
Add Own Products	No	Yes
EPOS Access	Yes	Yes
Branded Website	Yes	Yes
Request Wholesale Stock	No	Yes
Payout Requests	Yes	Yes

RESELLERS

What is a Reseller?

A reseller is a B2B partner who sells 1stRep products through their EPOS system and branded 1stRep website. They earn a preset commission on every product they sell.

How Resellers Work

1. Application & Approval - Business applies, admin reviews and approves
2. Selling Products - Lists 1stRep products on EPOS and branded website
3. Earning Commission - Each product has preset commission rate
4. Requesting Payouts - Request payout when balance reaches threshold

Reseller Dashboard Features

- EPOS: Point of sale for selling 1stRep products
- Orders: View and manage customer orders
- Products: Browse 1stRep catalog with commission rates
- Earnings: Track commission balance and request payouts
- Website: Manage branded 1stRep storefront

What Resellers Cannot Do

- Cannot add their own products
- Cannot purchase wholesale stock
- Can only sell products from 1stRep catalog

VENDORS

What is a Vendor?

A vendor is an advanced B2B partner who can sell 1stRep products AND add their own products. Vendors have all reseller capabilities plus the ability to create products and order wholesale stock.

How Vendors Work

1. Application & Approval - Business applies, admin reviews and approves
2. Selling 1stRep Products - Lists on EPOS and website, earns commission
3. Adding Own Products - Create products with own pricing and inventory
4. Requesting Wholesale Stock - Order physical 1stRep stock at wholesale prices

5. Earning & Payouts - Commission on 1stRep sales + full revenue from own products

Vendor Dashboard Features

- EPOS: Point of sale for 1stRep products + own products
- Products: Create and manage own products
- 1stRep Catalog: Browse products with commission rates
- Stock Requests: Order wholesale stock at discounted prices
- Earnings: Track commission and request payouts
- Inventory: Track stock levels for own products

What Makes Vendors Different

- CAN add their own products to EPOS and website
- CAN request physical wholesale stock from 1stRep
- CAN earn from both 1stRep commissions AND own product sales

COMMISSION SYSTEM

How Commission Works

Both resellers and vendors earn commission when selling 1stRep products.

Each product has a preset commission rate set by admin.

Example: Product with 15% commission sells for 100 GBP = 15 GBP commission earned

Commission Status Flow

Pending -> Confirmed (on delivery) -> Available -> Requested -> Approved -> Paid

Payout Threshold

Partners must reach minimum balance before requesting payout (e.g., 50 GBP)

Once threshold reached, payout request button becomes available

Payout Methods

- Bank Transfer: Direct to partner bank account
- PayPal: Send to partner PayPal email
- Stripe Connect: Automatic transfer

EPOS SYSTEM

What is EPOS?

EPOS (Electronic Point of Sale) is the system partners use to process in-person sales at physical locations like retail stores, markets, or events.

EPOS for Resellers

- Browse and select 1stRep products
- Process customer payments
- Generate receipts and track sales

EPOS for Vendors

- All reseller features PLUS:
- Add own products to EPOS catalog
- Mix 1stRep and own products in same transaction
- Manage inventory for own products

WHOLESALE STOCK (Vendors Only)

How Wholesale Ordering Works

1. Browse Wholesale Catalog - View products with wholesale prices
2. Place Stock Request - Select products and quantities
3. Admin Approval - Admin reviews and approves order
4. Payment - Vendor pays wholesale price
5. Delivery - Stock shipped to vendor location

Why Order Wholesale Stock?

- Immediate availability for customers
- Better margins on local sales
- Display products in physical store

ADMIN MANAGEMENT

Admin Portal -> B2B Partners: View and approve applications, manage partners

Admin Portal -> Products: Set commission rates per product

Admin Portal -> Commission Payouts: Process payout requests

SUMMARY

RESELLER = Sells 1stRep products only, earns commission

VENDOR = Everything a reseller does + can add own products + can buy wholesale stock
